

## NOKOMIS EAST BIKE RACK PROGRAM

A Bike Rack for your business at **no cost** to you

### Nokomis East Bike Rack Program

In an effort to create more bicycle parking for local businesses throughout the Nokomis East neighborhood the Nokomis East Neighborhood Association (NENA) and the Nokomis East Business Association (NEBA) are offering an opportunity for businesses and organizations to acquire a bike rack, or multiple bike racks, at no cost.

Using the City cost share program NENA will pay 50% of the total expenses and the City will pay 50%, leaving no costs for the business.

### What will the racks look like?

While final designs have not been yet been completed, they are an inverted U-type rack that will say "Nokomis East". Below is an example of a bike rack from NE Minneapolis done using the City Cost Share Program:

This is an example of the type of racks we will be installing. Racks are available individually or in group such as this example.

These racks will be installed on the right-of-way, near the street.
